

BUBBLE FILTER STAINLESS SERIES

HIGH GRADE DURABLE 304 STAINLESS STEEL HOUSING

BFS-3-10-S	: BUBBLE Filter Triple 10" Stainless Steel Housing System c/w P1 10" prefilter cartridge, EPM-10 carbon block and EP-10 carbon block cartridge
155225-43	: PENTAIR PENTEK P1 10" Spun Bonded P.P. Cartridge
155634-43	: PENTAIR PENTEK EPM-10 10" Modified Epsilon Carbon Block Cartridge
155531-43-E	: PENTEK EP-10 10" Carbon Block Cartridge

PENTAIR

Cartridge #1: Pentair P1 cartridge
Cartridge #2: Pentair EPM-10 cartridge
Cartridge #3: Pentair EP-10 cartridge

Halal & NSF certified for P1, EPM-10, EP-10 cartridge

BUBBLE Stainless Steel Filter Housing is ideal for high pressure and hot water applications with an operating pressure and temperature up to 200 psi (13.8 bar) & 200°F (93.3°C) depending on cartridge used.

Constructed with durable 304 stainless steel material for long-lasting use, it features a polished finish for a better cosmetic appearance.

The Stainless Steel Triple Water Filter Housing System is designed to deliver clean, fresh-tasting water for drinking by combining sediment and carbon filtration in a single setup. With trio housing capability, this system features:-

- Pentair P1 Prefilter Cartridge: A sediment cartridge designed to capture dirt and particulates with a nominal filtration capability of 1 micron, ensuring cleaner water and improved system performance.
- Pentair EPM-10 Carbon Block Cartridge: Contains premium-grade carbon for extensive water contact, enhancing adsorption and contaminant removal.
- Pentair EP-10 Carbon Block Cartridge: Effectively reduces chlorine taste and odor, ensuring clean and pleasant-tasting water.

A handle for the lock nut allows for swift cartridge replacements, while a mounting bracket provides additional stability.

For easy draining and pressure relief, a stainless steel plug is conveniently located at the bottom of the housing.

WARNING: For Drinking Water Applications, do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

FEATURES & BENEFITS

- Operating pressure and temperature up to 200 psi (13.8 bar) & 200°F (93.3°C), making it ideal for high-pressure and hot water application depending on cartridge used
- 304 stainless steel construction for long-life usage. Polished finishing for better cosmetic appearance
- Handle to lock Nut permits quick cartridge replacement
- Stainless steel plug at bottom for draining and pressure relief
- Including Pentair P1, EPM-10 and EP-10 cartridge

SPECIFICATIONS

Unit Construction: 304 Stainless steel

Seal Gasket: Buna-N

Inlet / Outlet Connections: 1/2" BSPF

Drain Plug: 1/4" NPT

Max. Temperature (housing): 200°F (93.3°C)

Max. Pressure (housing): 200 psi (13.8 bar)

Dimension: L43cm x W47cm x D14cm

Cartridge #1: Pentair P1 cartridge

Cartridge #2: Pentair EPM-10 cartridge

Cartridge #3: Pentair EP-10 cartridge

WARRANTY

BUBBLE Division warrants to the original purchaser-consumer of its products that are free from defects in materials and workmanship for a period of one year from the date of purchase. Refer to detailed warranty statement.
