

FAUCET SERIES

FOOD GRADE ALL IN ONE MIXER FAUCET

WDF-LT1803-SS : LUX Tri-Flow Stainless Steel 304 Faucet (Hot, Cold, Filtered Water)
WDF-LT1803-C : LUX Tri-Flow Brass Chromed Faucet (Hot, Cold, Filtered Water)

WDF-LT1803-SS

WDF-LT1803-C

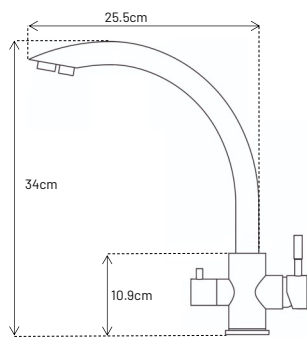

Upgrade your kitchen with this all-in-one 304 stainless steel faucet, designed for both filtered drinking water and hot/cold tap water. It features two outlets, one for filtered drinking water and one for hot & cold tap water, it's perfect for washing, cooking, and sipping straight from the tap.

The dual-outlet faucet combines filtered and mixed water into one unit, eliminating the need for additional drilling and saving space.

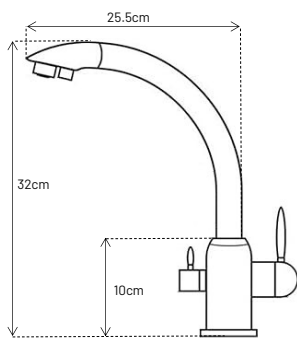

Available in two durable material options: food-grade 304 stainless steel for a brushed, modern finish or brass chromed plating for a sleek polished look. The faucet is highly resistant to rust and corrosion, offering excellent long-lasting durability and ensuring reliable performance.

The 360° swivel spout makes it easy to reach all corners of large or double sinks, while the single-lever handle ensures smooth control over water temperature and flow.

Compatible with most under-sink filtration systems, this faucet is an efficient, minimalist, elegant solution for modern and traditional kitchens decors.
